

Notification of Short-Term Capacity allocation

**2011 OPEN SUBSCRIPTION PERIOD (OSP)
AT LARRAU**

Short-term capacity from 1st April 2012 to 31st March 2013

2nd December 2011

1 Notification of Short-Term Capacity allocation from 1st April 2012 to 31st March 2013.

TIGF and Enagás are pleased to announce that the capacity offered through the coordinated 2011 Open Subscription Period for Short-Term Capacities at the interconnexion point of Larrau between Spain and France has been subscribed according to “*Procedures for the commercialisation of existing and committed capacity at the cross border point of Larrau between France and Spain*”.

The final allocation from France to Spain is detailed in the following table :

Table 1: Capacities offered, requested and allocated through the 2011 OSP STC. Direction from France to Spain

In the direction France to Spain, demand during the First Phase was 5,6 times higher than the capacity offered.

During the Second Phase, no capacities from France to Spain were freed up by shippers, which chose either option 2; therefore, according to OSP procedures, the results in the Second Phase matches the shipper’s original request of the First Phase.

The final allocation from France to Spain is detailed in the following table :
